

# Art to Wear

marianne greaves

My love for colour, texture, comfort, wearability and ease of travel along with the passion for unique shapes has encouraged me to create my collection of **One Of A Kind Clothing, Jewelry and Accessories**.

I graduated in 1983 with a diploma in Fashion Design and Merchandising, then had 27 years of experience with a designer before I launched my own business Art to Wear. I had always loved to create, play with fabrics and learned how to sew at 7 years old. My passion for nature and gardening has influenced me in creating the colours and designs of my collection. This collection of Art to Wear clothing, jewelry and accessories are all designed and made in my Vancouver home studio and workshop.

I have sold at some chosen markets such as Circle Craft, Harmony Arts Festival, Filberg Festival, Ladner Market, Hycroft and Dunbar.

I work mostly with natural fibres, my favorite being linen. I also use bamboo, rayon, viscose and silk. There are several techniques that I use to create very interesting affects with colour on the fabrics making them all one of a kind. I love to play with angles and asymmetry and many of my pieces are cut on the bias. My Spring/ Summer collection includes Tops, Tunics, Wraps, Dresses, Pants, Skirts, Jackets and much more including a hand painted silk collection and a collection of Raincoats which are water resistant very sophisticated and perfect for Vancouver weather. My collection of clothing is very easy fitting and can accommodate sizing from XS to Plus Size with Special Orders taken. My goal is to create a whole look. With this in mind I create a wonderful eclectic collection of Jewelry & Accessories including necklaces, bracelets, belts, rings and earrings using chain, rubber and semi-precious stones, also wide soft leather belts. I also offer FIRMA Energywear leggings, tank tops and much more.
